Block 20, Lot 34 Lynville Diamond,

Brgy. Gatid, Sta. Cruz Laguna

OVERVIEW

Dedicated Computer Science student seeking opportunities to apply academic knowledge in programming and software development, while gaining practical experience in a professional environment.

EDUCATION

Laguna State

Polytechnic University

2023 - Present

Bachelor of Science in Computer Science

Developing a strong foundation in computer science with emphasis on programming, problem-solving, and software development.

- **Relevant Coursework:** Data Structures, Algorithms, Database Systems, Software Engineering
- **Honors:** High Academic Standing — GPA: 1.25 / 1.50 scale

PROJECTS

Haul Thrift Shop | Flutter, Firebase

- Developed a cross-platform thrift shop app for students and thrifters with product search, authentication, and in-app payments.
- Added a swipe-to-browse "Ukay" section for hassle-free, Tinder-style shopping of second-hand items.
- Conducted student testing; received positive feedback on usability and design.

StreamSage | LSPU Hackathon | Next.js, Tailwind CSS, Supabase

- Developed a web streaming platform during a campus hackathon within the event timeframe.
- Added a notes feature during streaming, allowing users to annotate content in real time.
- Implemented real-time database interactions and user profiles using Supabase.

SOFT SKILLS

Problem-solving
Strong Work Ethics
Adaptability
Time Management

FRAMEWORKS & TOOLS

Flutter, Firebase
Next.js, Tailwind
Flask, Git

PROGRAMMING LANGUAGES

Python, Dart
JavaScript, C++
Java, C#
